TANG CONCEPT Sdn. Bhd (1217237-T)

Ativo Plaza, No 1, Jln PJU 9/1, B-3A-10 Black B, Damansara Avenue
Bandar Sri Damansara PJ9, 52200 Kuala Lumpur, Malaysia

ABOUT US

Tang Concept is a Malaysian office furniture designer and manufacturer that was established in year of 1995. The brand currently has its presence not only in Malaysia but also in the international market such as South Asia, South East Asia, Middle East as well as European Countries.

Tang Concept offers furniture designs to commercial customers and takes advantage of new technologies offering a point of difference. With its high and stringent product quality standards, Tang Concept has transformed into one of the leading brand of office furniture in South East Asia and more to come.

Design & Technology

Tang Concept office furniture range includes contemporary leather and fabric sofas as well as breakout furniture and lounge furniture. Tang Concept sofas feature steel frames and comfort seat suspension.

Tang Concept has invested in continuous Research & Development and technology innovation, and it has become its' core strengths to constantly create, design and bring into production, versatile and innovative products to anticipate current and future needs, in satisfying customers in terms of design excellent and more conducive work environment.

QUINTESSENTIAL

TO YOUR OFFICE OR HOME

We design chairs to be industry specific. The nature of your work and the number of hours spent seated play a key role in the ergonomics and design of your chair.

What sets us apart is our ability to give you expert advice on ergonomic chairs that are suitable for the workplace or home office.

A

SYMPHONY

OF DESIGN AND COLOUR

Gone are the days of bleak offices with greys and blacks galore. A new era of harmony and colour, aesthetics and design are making waves across the globe and we are at the forefront of this trend.

At Tang Concept, you have the ability to choose your level of comfort as well as select colours and fabrics that match your taste.

PERFECT FIT FOR YOUR LIFESTYLE

We are all unique in the way that we seek comfort, which is why at Tang Concept we don't look at chairs as just something you sit on, we see them as an extension of your being.

So when it comes to your comfort, every inch has been designed to ensure your needs. And even with years of experience in the industry, we are constantly innovating our products to fit in your life in the precise way that they were created.

With Otis, there is more than meets the eye. Sustainable, eco-friendly design and gorgeous aesthetics come together with research-backed ergonomics.

Drawing its inspiration from modern material designs, Otis offers a woven multilayered nylon that is both responsive and supportive. Compared to traditional fabrics, it has more give and spring and as a result it provides an enhanced layer to the chair's already remarkable underlying moulded seating support surface.

OTIS

It may look like a simple chair, but it's anything but. Otis is optimised with features such as a full mesh back option for breathability, a waterfall-edge seat cushion to maintain regular levels of leg circulation and more comfort customisation than chairs that come at a much higher price point.

Simple, humble and intuitive: Surface is perfect for the open plan office. Seamlessly combining comfort and elegance, Surface ticks all the boxes when it comes to function and design. Moreover, as most of its parts are made from recycled material, its owner can sit and relax with a clear conscience.

SURFACE

Surface redefines office seating as it conveys a sense of ease, value and comfort. Simply put, the chair is easy to specify, easy to sit in and comfortable in all the right places.

The Surface series comes in various colours, shapes and designs to suit your personal or professional preferences.

Icon is vivacious, yet versatile. It is designed to ensure individual comfort and personal expression. This is the chair for all nighters, long meetings or even just your typical work day. Featuring breathable mesh, high levels of support and lots of adjustability, you'll never want to get out of it.

ICON

Icon is a fusion of form and function. Featuring a rich set of ergonomic controls, this innovative chair is designed for people who spend most of their day sitting. This line features one of the most adjustable chairs available on the market today, making it the choice of discerning professionals and those concerned with their sitting health.

BEYOND SIMPLICITY

We believe that the best designs come from simple ideas. Ideas that solve complex problems. Problems such as the need for long hours at the office or home office, stress filled days and the challenge of meeting deadlines, can be reduced when you work from a place of comfort, a place that is designed specifically to help with posture, alignment and stability.

Design and functionality combined with breathable fabrics and cutting edge ergonomics have the power to create the perfect place of work.

A multifaceted office environment can put even the most functional seating to the test. It takes many years of experience to know the ins and outs of such a complicated requirement. The Pro Mesh series is developed to handle such a multifaceted seating situation with ease.

PROMESH

Pro Mesh can be customised and accessorised with an abundance of available options to meet the most demanding seating situations. Together with its multifaceted functionality, Pro Mesh showcases a commitment to the environment. Using recycled materials whenever possible, the Pro Mesh series is one of the most environmentally friendly in the market.

ERGO

If you're looking for a chair that will pass the test of time, then Ergo is your best bet. Years of real-time usage and testing has resulted in a chair that surpasses all ergonomic standards and parameters.

Appearance plays a huge role as well. That's why each part of Ergo has been redesigned and refined down to a clean minimalist look.

Adjustable Armrest

Fixed Armrest

One of the most exciting things about Ergo is its humanistic design that reflects how we work in our chair. We rarely sit still in our chairs and Ergo is designed with a dynamic comfort approach, that takes into account our movements, instead of the usual static comfort approach.

ALLURING

SEATING TO ELEVATE
ANY WORKPLACE
SETTING

We offer a range of commercial sofas and lounges in various sizes and styles, so whether you are creating a small breakout zone for staff to relax, a welcoming reception area, or a large and luxurious foyer lounge, we have an office couch to suit.

Our range is carefully selected to include only commercial quality office seating that is both comfortable and made to last.

KEY FACTOR

Our range of modular sofas exemplify soft commercial seating. Modular units can be arranged in multiple directions and align on all sides, maximising planning options. They come in a variety of gorgeous fabrics and colours to ensure that your office reflects your company branding as well as personal taste.

Office Sofas need to balance comfort, durability, and a professional appearance that is appropriate for your business. They're essential pieces for reception areas and staff breakout spaces, offering visitors and staff a comfortable spot to relax. Our range of sofas is quality-made with a strong internal frame, a spring system, and high-density foam all wrapped in fabric upholstery that can withstand the test of usage and time.

A wide selection of armchairs, coffee tables, side tables, cushions and accessories can be paired with any range to build an office lounge area that matches your aesthetic.

CAPTIVATING

STYLES TO SUIT EVERY OFFICE AND BUDGET

Our furniture range is curated to suit ever-changing trends, modern technology and individual working styles. We work from personalised design briefs, which means we're always able to offer a bespoke package that meet each business' unique functional and aesthetic needs.

As part of any office fit out or refurbishment project, we find the best furniture for your office space, style of working and budget. With careful consideration into upholstery and style, we work hard to strike the balance between cost, longevity, adaptability and aesthetics.
